

Antonio Jesús Gaspar Rengifo

Profesional de Sistemas y Desarrollo | Soluciones Cloud, Automatización e Integración | Azure | AWS | DevOps | IA | Ciberseguridad
Santiago, Chile | gaspar.antoniojesus@gmail.com | LinkedIn

PERFIL PROFESIONAL

Soy Profesional de Sistemas y Desarrollo, con experiencia en desarrollo web y un enfoque orientado a cloud, automatización, infraestructura, operaciones y mejora continua. Me encuentro en una etapa activa de formación, fortaleciendo mi perfil con certificaciones en Azure, AI, DevOps, Scrum, Project Management y ciberseguridad. Me interesa construir soluciones técnicas eficientes, automatizar procesos y aportar valor en entornos donde la tecnología y la mejora operativa sean parte del crecimiento del negocio. Busco seguir evolucionando hacia roles vinculados con cloud, DevOps, IA y seguridad.

HABILIDADES TÉCNICAS

Cloud, DevOps e infraestructura: Azure, AWS, Serverless, Lambda, DevOps, CI/CD, automatización, infraestructura cloud, operaciones y mejora continua.

Desarrollo frontend: Angular, TypeScript, JavaScript, HTML5, CSS3, React, React Native.

Backend, APIs e integración: Node.js, .NET/C#, Python, LoopBack 3, APIs REST, integraciones y soluciones serverless.

Datos y bases de datos: SQL Server, MySQL, MongoDB, DynamoDB, PL/pgSQL, fundamentos de datos en cloud.

IA, seguridad y operaciones: Azure AI Fundamentals, cybersecurity awareness, IAM, cloud security, análisis de vulnerabilidades y soporte técnico.

Agile y gestión: Scrum, gestión de proyectos, documentación técnica, colaboración, planificación y control de riesgos.

EXPERIENCIA LABORAL

INNOBYTE S.A.

Integrador de Sistemas | Abril 2025 - Actualidad | Santiago, Chile

- Aseguro la calidad, integración continua y evolución técnica de aplicaciones web orientadas a mejora continua y valor para usuarios comerciales.
- Desarrollo funcionalidades e integraciones con .NET/C#, Angular, Python, SQL Server y MySQL.

Desarrollador Full-Stack | Febrero 2023 - Marzo 2025 | Santiago, Chile

- Desarrollé y mejoré módulos clave en Angular, Node.js y servicios AWS, aportando a la satisfacción del cliente y a nuevos proyectos.
- Stack principal: Node.js, Serverless, AWS Lambda, DynamoDB y PL/pgSQL.

TRAZA - INVERSIONES SANTA CAMILA LIMITADA

Programador | Septiembre 2020 - Enero 2023 | Santiago, Chile

- Desarrollé aplicaciones web para optimizar procesos administrativos y apoyar la continuidad operativa.
- Stack principal: JavaScript, Angular, TypeScript, Node.js, MongoDB, MySQL y LoopBack 3.

CERTIFICACIONES PROFESIONALES

Cloud y Azure:

- Microsoft Certified: Azure Fundamentals (AZ-900) - Microsoft, emitida 04/06/2026, verificada.
- DevOps Essentials Professional Certification (DEPC) - CertiProf, vigente hasta 06/06/2029, verificada.

Data:

- Microsoft Certified: Azure Data Fundamentals (DP-900) - Microsoft, emitida 05/06/2026, verificada.

Inteligencia artificial:

- Microsoft Certified: Azure AI Fundamentals - Microsoft, emitida 06/06/2026, verificada.
- Artificial Intelligence Professional Certification (CAIPC) - CertiProf, vigente hasta 04/06/2029, verificada.

Agile y Scrum:

- Scrum Foundation Professional Certification (SFPC) - CertiProf, vigente hasta 06/06/2029, verificada.

Seguridad:

- Cybersecurity Awareness Professional Certification (CAPC) - CertiProf, vigente hasta 02/06/2029, verificada.

Gestión de proyectos:

- Project Management Essentials Professional Certification (PMEPC) - CertiProf, emitida 02/06/2026, verificada.

Verificación de credenciales: Credly | BadgeClaimed

FORMACIÓN ACADÉMICA

Instituto Profesional DUOC UC:

- Analista Programador Computacional | En curso | Chile

Universidad Bicentenario de Aragua:

- Ingeniería de Sistemas | Formación en análisis de sistemas y programación | Venezuela

CURSOS Y FORMACIÓN COMPLEMENTARIA

Escalab Academy:

- Bootcamp Full Stack Ninja - HTML5, CSS3, JavaScript, Git/GitHub, JavaScript Master, React JS y React Native.

LinkedIn Learning:

- Fundamentos profesionales de gestión de proyectos.
- Introducción a AWS: Conceptos de la nube - AWS.
- Introducción a AWS: Seguridad - AWS.
- Introducción a AWS: Tarifas y servicios de soporte - AWS.

Escuela de Sistemas e Informática:

- Analista Programador - C, PHP/MySQL, Visual Basic .NET, C# .NET, SQL, HTML, Linux, redes e IT.
- Cisco IT Essentials - Cisco Networking Academy.

Antonio Jesús Gaspar Rengifo

Systems and Software Development Professional | Cloud Solutions, Automation and Integration | Azure | AWS | DevOps | AI | Cybersecurity

Santiago, Chile | gaspar.antoniojesus@gmail.com | LinkedIn

PROFESSIONAL PROFILE

I am a Systems and Software Development Professional with experience in web development and a focus on cloud, automation, infrastructure, operations, and continuous improvement. I am actively strengthening my profile through certifications in Azure, AI, DevOps, Scrum, Project Management, and cybersecurity. I am interested in building efficient technical solutions, automating processes, and contributing value in environments where technology and operational improvement support business growth. I aim to keep evolving toward roles related to cloud, DevOps, AI, and security.

TECHNICAL SKILLS

Cloud, DevOps and infrastructure: Azure, AWS, Serverless, Lambda, DevOps, CI/CD, automation, cloud infrastructure, operations and continuous improvement.

Frontend development: Angular, TypeScript, JavaScript, HTML5, CSS3, React, React Native.

Backend, APIs and integration: Node.js, .NET/C#, Python, LoopBack 3, REST APIs, integrations and serverless solutions.

Data and databases: SQL Server, MySQL, MongoDB, DynamoDB, PL/pgSQL, cloud data fundamentals.

AI, security and operations: Azure AI Fundamentals, cybersecurity awareness, IAM, cloud security, vulnerability analysis and technical support.

Agile and management: Scrum, project management, technical documentation, collaboration, planning and risk control.

WORK EXPERIENCE

INNOBYTE S.A.

Systems Integrator | April 2025 - Present | Santiago, Chile

- Ensure quality, continuous integration and technical evolution of web applications focused on continuous improvement and value for business users.
- Develop features and integrations using .NET/C#, Angular, Python, SQL Server and MySQL.

Full-Stack Developer | February 2023 - March 2025 | Santiago, Chile

- Developed and improved key modules with Angular, Node.js and AWS services, contributing to customer satisfaction and new projects.
- Main stack: Node.js, Serverless, AWS Lambda, DynamoDB and PL/pgSQL.

TRAZA - INVERSIONES SANTA CAMILA LIMITADA

Programmer | September 2020 - January 2023 | Santiago, Chile

- Developed web applications to optimize administrative processes and support operational continuity.
- Main stack: JavaScript, Angular, TypeScript, Node.js, MongoDB, MySQL and LoopBack 3.

PROFESSIONAL CERTIFICATIONS

Cloud and Azure:

- Microsoft Certified: Azure Fundamentals (AZ-900) - Microsoft, issued 04/06/2026, verified.
- DevOps Essentials Professional Certification (DEPC) - CertiProf, valid until 06/06/2029, verified.

Data:

- Microsoft Certified: Azure Data Fundamentals (DP-900) - Microsoft, issued 05/06/2026, verified.

Artificial intelligence:

- Microsoft Certified: Azure AI Fundamentals - Microsoft, issued 06/06/2026, verified.
- Artificial Intelligence Professional Certification (CAIPC) - CertiProf, valid until 04/06/2029, verified.

Agile and Scrum:

- Scrum Foundation Professional Certification (SFPC) - CertiProf, valid until 06/06/2029, verified.

Security:

- Cybersecurity Awareness Professional Certification (CAPC) - CertiProf, valid until 02/06/2029, verified.

Project management:

- Project Management Essentials Professional Certification (PMEPC) - CertiProf, issued 02/06/2026, verified.

Credential verification: Credly | BadgeClaimed

EDUCATION

Instituto Profesional DUOC UC:

- Computer Programming Analyst | In progress | Chile

Universidad Bicentennial de Aragua:

- Systems Engineering | Systems analysis and programming background | Venezuela

COURSES AND ADDITIONAL TRAINING

Escalab Academy:

- Full Stack Ninja Bootcamp - HTML5, CSS3, JavaScript, Git/GitHub, JavaScript Master, React JS and React Native.

LinkedIn Learning:

- Professional Project Management Foundations.
- Introduction to AWS: Cloud Concepts - AWS.
- Introduction to AWS: Security - AWS.
- Introduction to AWS: Pricing and Support Services - AWS.

Escuela de Sistemas e Informática:

- Programming Analyst - C, PHP/MySQL, Visual Basic .NET, C# .NET, SQL, HTML, Linux, networking and IT.
- Cisco IT Essentials - Cisco Networking Academy.
